A - Items are required and need to be accessible in the lecture/lab. 12/9/24

B - Items are helpful for completing labs without waiting for tools to become available.

C - Items, along with A&B items are frequently required by employers for an entry level position.

Prices above are estimates and are subject to change! Students can purchase tools anywhere they wish but we recommend the multi-meter listed. The vendor listed is one we have worked with and they have a good reputation for customer service . Vendor: Johnstone Supply 1401 West 94th Street. Bloomington, MN 55425 1-800-383-0612 **Note:** To receive this special pricing when placing your order, advise the city desk personnel that you are an HVAC student currently enrolled a South Central College in North Mankato, MN. Make sure you tell them to **"ship complete"** so that you only have one shipping charge instead of many. ***Because of the changing refrigerants we have decided to change to digital gages to make a students tool kit better stay up to date with refrigerant changes. Tools must not be delivered to the SCC campus. SCC does not take any responsibility for lost or stolen items!!*** If you have any questions please contact one of the instructors at South Central College.
